THE MOST SIGNIFICANT NEWS

JUST AS IMPORTANT, YEARS LATER

SUBMARINES:-Lightning dash ahead of U.S. by USSR in building submarines, finally admitted in the 1970s, revealed in detail, statistically, in TACTICS (Apr. 20, July 20 and Aug. 20, 1968). How Soviet submarines sneaked close to U.S. shores in position to launch undersea Pearl Harbor attack. Electronics (little black boxes) as decisive tool in modern war, tested out by Soviets against us. (TACTICS of Apr. 20, 1972.)

Traitor Burchett, who seduced Americans into confessing to non-existent germ war, secretly invited into White House by Henry Kissinger. (TACTICS of Dec. 20, 1971.)

NEGOTIATIONS:-Communists don't mean what we do by negotiations. Details described by "Insider" (an actual participant). What we consider negotiations, reds consider conclusion of negotiations, that take place outside, in political warfare and on the battlefield. So our side always loses! (TACTICS of Oct. 20 and Mar. 20, 1965, Jan. 1966)

Red Piggyback Missiles (MIRVs), each segment separately aimed, already tested by Soviet (TACTICS of Jan. 20, 1967). Hushed up, same as Soviet submarine program, by U. S.

"PSYWAR-INVESTIGATIVE REPORTING":-So-called "advocacy reporting," cover term for dishonest, Tass-like "reporting," subsidized by infiltrated, pro-red foundations, destroying ethics of American press and critically endangering nation (TACTICS of Feb. 20 and June 20, 1970). In-depth analysis of misuse of TV-press in many issues.

3-Phase Warfare Pattern, by which communists take over a country, outlined with chart by career military officer with years dealing with clandestine strategy. (Feb. 20, 1965) "Civil war," shadow governments, "liberation wars," politics, all fall into place.

APPEASEMENT PROGRAM for Red China prepared before Nixon inauguration. Text of memorandum by pro-Red China "experts" that became Nixon policy. (Feb. 20, 1969)

Soviet mind-death camps; Russia's even mild dissenters put into mental asylums where their minds are clinically cracked; first revealed in U.S. by TACTICS (Mar. 20, 1971).

Propaganda analysis, in-depth and professional, of N. Y. Times (Nov. 20, 1965). Study of press slants, with graphs (Apr. 20, 1971). Jim Lucas on pro-red coverage of Viet Nam war (May 20, 1968); Television's incendiary role in Kennedy assassination coverage, building up purge of "rightists" (Jan. 20, 1964). Conditioned reporters (May 20, 1971).

H. E. W. SUBVERSION:-Official in government agency uses expanded lunch hour to conduct anti-government meeting on government premises and it is winked at. (Aug. 20, 1969.)

ONLY in TACTICS *do you learn:*

WHAT THE NEWS MEANS TO *YOU* IN PSYCHOLOGICAL WARFARE TERMS

AND WHAT *YOU* CAN DO

COVERT WAR FRONT in U.S. is coordinated with the red OVERT WAR FRONT in Viet Nam. (Dec. 20, 1965.) Requires taboo on words "conspiracy" and "treason." Secret order describes civil rights movement as preliminary step to anti-draft movement, providing a base for anti-war (meaning pro-red war) movement. In U.S. it is called a "peace front."

TACTICS readers need not be taken in and entrapped by this; they can save others, too:

"Crime As a 'Peace Front' Weapon... Terrorism Invades U.S." (Headline, June 20, 1968.)

"War Coverage Needed At Home, Too... At The 'Peace Front'—in U.S." (Aug. 20, 1968.)

ON GEN. LAVELLE'S GENERALSHIP:- Except for his crippling of red preparations for invasion across demilitarized zone. Hanoi's divisions probably would have reached Saigon. This would have "saved our face" in defeat and communist victory. He thus fulfilled his duty, but embarrassed "doves," his unforgivable sin. (July 20, 1972). Scandal of U.S. pilots sent on long, dangerous missions to kill one buffalo, and forbidden to strike at real targets. (Sept. 20, 1967.) [This was hushed up, and pilots sacrificed. But when they hit at real targets, the patriotic members of Air Force are smeared and punished. Readers can react to this, too!]

PRIVILEGED TREASON:- The so-called "anti-Viet Nam war movement" has been subtly shifted into an anti-U.S. movement, with revolution and U.S. conquest by communism as the goal, wholly separate from the Viet Nam war! (Jan. 20, 1971.) Treason has achieved in the United States a privileged sanctuary. Jane Fonda is a symbol of this new treason in disguise.

A new concept in American law might best be termed, "privileged treason." (May 20, 1972).

A legal hoax has been imposed on Americans, which would give immunity to treason if a war is undeclared (Apr. 20, 1972). This is falsely attributed to the Constitution.

A whole series of articles in TACTICS, starting in early issues, have warned that never before in history has there been any parallel for a nation in war to permit Tokyo Roses and Lord Haw Haws to operate on its own soil, or the flag of the enemy country to be carried on its streets. This is part of the conspiracy coordinated abroad to destroy the U.S.

SUICIDE of Charles William Thomas was shown to have been caused by State Department persecution (June 20, 1971), bringing scandalous conditions inside State Department to a head and resulting in Congressional action. Otto F. Otepka's case was kept in public eye through TACTICS persistence.

BOUND INDEXES NEARING COMPLETION

The bound "TACTICS INDEXES, 1964-1968," is not yet ready for the printer, but will be soon. Only part of one year out of the five is yet to be completed, and it is half done.

The regular indexing for TACTICS magazine was started with the 1969 issue. This is why a special volume is being produced for the years, 1964 through 1968. If the editor were willing to do an ordinary job, the indexing would have been finished several years ago. But TACTICS has to provide an extraordinary job, and this is why it has been taking so agonizingly long. If all that we provided were proper names and place names, and the most obvious stab at contexts, the book would have gone to the printer by now.

But only TACTICS provides a professional, thorough indexing in the psychological (cold-hot) warfare field, in which we all are immersed, even though so many of our people try to make believe differently. Nowhere else is a comparable index to be found. One need only compare!

subscriptions

Bound volumes of TACTICS magazine still are only $10 each. These volumes cost more than this to produce. The reason they are being sold this way is: 1, as public relations. The idea is that purchasers of bound volumes of TACTICS magazine will be sure to continue to subscribe to TACTICS; 2, that institutional libraries, in communities and universities, will make them available to the public and to students generally, and, 3, we have trapped ourselves by setting this low price originally.

REWRITTEN HISTORY

BY READING TACTICS

JUST A FEW EXAMPLES:

"LAWS NOT BEING ENFORCED"... "Non-enforcement of law is the major issue in the United States at this time." This was the headline, and the first sentence, of the lead article in the January 20, 1972 issue of TACTICS magazine. Every sort of cover-up has been indulged in, every sort of whitewash, to keep this basic fact from being faced up to by our people. Only TACTICS analyzed the psychological warfare aspect to this. Failure to recognize it led directly to the Watergate scandal that rocked the nation, along with its ITT counterpart. Only TACTICS analyzed the rewriting of history involved in it. Watergate was the use domestically of a technique developed for utilization only in warfare on a battlefield, inside the framework of modern warfare, in which attack against the mind is a weapon alongside warplanes and missiles. The ITT affair was an amateurish effort to respond to the responsibility abroad of every American citizen or organization. Americans have a duty to discourage the setting up of enemy bases or other activities dangerous to American interests. Only TACTICS puts such basic matters into perspective.

"BUT IT IS ACTUALLY TREASON"... "Americans Being Subtly Edged Into It."... This was the headline, and the sub-heading, to the main article in the April 20 issue of TACTICS, also in the current year, 1972. While the nation was being coaxed into acceptance of the untrue theory that a war is not a war, no matter what actually takes place in killings and destruction, unless the technicality of a war declaration has been formally announced, TACTICS revealed that we have had many undeclared wars in our history, and they certainly were fully recognized as wars.

Recognize It

DON'T BE TAKEN FOR A RIDE by rewriters of history into being incapable of fulfilling your right and your responsibility as a free man in a free society, because you are not being provided the factual material you must have in order to react, vote and live wisely! TACTICS gives you the professional, psychological warfare analysis and explanations that enable you to separate falsehood from the facts, and to determine how to react accordingly. There is no need for American citizens to fall into Watergate-type traps! They have their place—in war against a foreign enemy—but not domestically. Be able to distinguish between a fifth column operation and rightful competition in any realm, from economic to political.

YOU HAVE TO READ TACTICS TO MAKE SENSE OUT OF WHATEVER ELSE YOU READ
